

Opportunities to improve life skills

Within the houses, individuals benefit from outcome focused support with personal care, attending college & work placements, improving health, wellbeing & social skills and building confidence.

Osborne Road offers a thorough assessment period, reviewed at an interim point and at the end of a 12 week period, to build a person centred approach to an individual's care & support package.

The service is skilled in enabling and empowering an individual to have more choice and control over their support and care.
